

It's enrollment time!

Don't miss out
on enrolling
in your
vision benefit.

Vision Benefits. Smarter.®

Smarter Options. Smarter Choices. Smarter Eye Care.

Freedom to choose

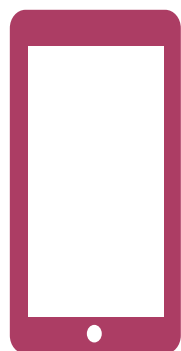

Within the NVA network, you have the freedom to choose who examines your eyes and where you buy your eyewear. And it doesn't have to be from the same location. Plus, you can pick your in-network NVA eye care professional based on where you can save money on eyewear.

Savings you want

NVA members save on eye care and eyewear when using an NVA in-network eye care professional and referencing the NVA Smart Buyer® tools.

Stay on top of your health

Comprehensive eye exams can detect the signs of a variety of health issues such as diabetes, hypertension, multiple sclerosis, and more. Early warnings can be vital for staying healthy and getting appropriate treatment. An NVA vision benefit makes eye exams affordable and accessible.

Download the NVA Member App

Enrolled members, get vision benefit information and more when you download the NVA member app from the App Store or Google Play.

Contact your employer for
enrollment details.
